## Wrecks, Wrecks, Wrecks!

June 2 - 8, 2012

Experience outstanding warm-water diving in the underwater world of Pompano, Beach, Florida at low, off-season rates. Dive with a group of Quad-Cities divers in this Scuba paradise, for a pleasant, low-cost vacation. We'll be diving each day from a deluxe, fully-equipped dive boat. There is an unbelievable combination of fish and wrecks in this vacation mecca for you to see.

After the diving is over, you will have time to experience Florida's vacation attractions and night life. We will be staying at the Beachcomber Hotel (ocean view room), right on Pompano's sandy beach and close to local restaurants. The dive boat is berthed near our hotel, and we'll have a bus to transport us. Bargains in air travel are easily available during the summer season, and we'll help you find them, if requested.
